

12/11/13

To whom it may concern:

David Mitchell has worked as an IT support consultant for Complete Wardrobes & Shower Screens for the past four years. He has helped establish our company computer network and accompanying computer security set up. Ongoing, David has been involved in regular computer maintenance of all our systems, and been on call for any IT problems.

Our company has always found David to be an excellent IT consultant. He is a proficient problem solver, great communicator and extremely efficient, reliable and trustworthy – he has been, and continues to be, a great support to our business. I would have no hesitation in recommending David to any potential employer and am happy to be contacted for more information.

Yours sincerely

Michele Hadley (Sales Manager)

Complete Wardrobes Shower Screens P/L
